CLOSET SPACE! WITH

K-VENIENCES

Bring clothes closets to order! Organize them! Systematize their arrangement and keep them under orderly control the very simple and inexpensive way—with K-VENIENCE Closet Fixtures.

You will be delighted to see how quickly and efficiently K-VENIENCES not only SAVE space—but actually ADD space by doubling closet capacity. Lack of closet space is often due to LACK OF SYSTEM. And for this purpose there are 38 cleverly designed K-VENIENCES for every garment need . . . for every closet, regardless of length, width, size or shape.

With a closet properly equipped with K-VENIENCES—all garments, including hats, suits, coats, shoes, dresses and ties, are neatly hung on clever devices especially designed for them. You will enjoy the many distinctive advantages which a K-VENIENCE closet offers—neatness, compactness, convenience and the ready accessibility of every article of wearing apparel.

In a K-VENIENCE closet there is "a place for everything—and everything is in its place." REGIMENTING CLOSET SPACE with K-VENIENCES not only keeps garments in neat array, increasing closet capacity, and affording greater convenience—but permits a saving on pressing and cleaning bills, keeps clothes looking better, makes them last longer!

K-VENIENCE Closet Fixtures are modern in design, attractively finished and quickly attached.

K-VENIENCE No. 1 CLOTHING CARRIER

This cleverly designed Clothing Carrier glides in and out of dark closet on ball bearing rollers. With a slight pull of the handle — the wardrobe quickly slides out into the light of the room for easy selection. And, when the selection is made, it returns swiftly and compactly.

The K-Venience Clothing Carrier keeps garments "Trim as a Regiment" — well protected, neat and readily accessible at all times. It reduces pressing and cleaning bills and doubles the hanging space. K-Venience Clothing Carrier is substantially made, will not sag under weight of clothing and is easily and quickly installed under any closet shelf.

Measuring — Measure the full depth of shelf in inches or distance from the rear hook moulding on the back wall to the inside of the door casing. A sliding sleeve on carrier allows a 3" to 6" adjustment.

Installing — Bring the shelf forward so that a large size carrier may be used the full depth of the closet. In closets wider than the door, or wider than the depth, the carriers may be fastened under a side shelf—which permits clothing to be pulled out in front of the door.

Polished Nickel Finish.

A CHILD'S CLOSET

One of the most helpful and important functions of parenthood is to teach children to be neat and orderly, to keep things in their place. K-Veniences make this easy; children take pride in using K-Veniences for their clothing and shoes, and before they know it, tidiness becomes automatic. Children deserve the stimulus and many advantages of growing up with a K-Venience Closet. Be sure, however, that shelves and fixtures are low enough to be within easy reach. K-V No. 2 may be substituted for K-V No. 1, shown above, as conditions require.

PLAN

The closet illustrations on these pages are designed to show generally the K-Veniences needed and how they should be placed in a closet to double capacity, make tidiness automatic, keep wearing apparel in better condition and more easily accessible. The above closet could be used for man or woman (eliminating tie rack for woman), or for both. There are 38 K-Veniences to choose from, so substitutions may be made to suit individual requirements.

HALL CLOSET

Here's a Hall or Reception Closet that really provides a place for everything, and everything in its place—a convenient, orderly wardrobe to enjoy and be proud of. Combinations of K-Venience fixtures as suggested on these pages, increase closet capacity, insure neatness, set an example for fine housekeeping throughout the home, save wear and tear on clothes. Install K-Veniences in every closet!
